

# Retail Product Range - 2021

Sunshine Sugar is the only 100% Australian owned producer of raw and refined sugar. We own sugar mills at Harwood, Broadwater and Condong and a refinery co-located at the Harwood site.

Sunshine Sugar operates as a 50:50 partnership between the grower-owned NSW Sugar Milling Co-operative Limited and the Australian family-owned agribusiness Manildra Group.

Our farming families produce up to 2.4 million tonnes of sugar cane each year from 34,000 hectares of land.

We manufacture private label sugar for some of Australia's major retailers as well as our own Sunshine Sugar label. We sell raw and refined sugar to over 300 different customers across all types of food and beverage manufacturing, in quantities ranging from 1kg bags to bulk tankers and trucks. We also sell a food grade molasses to various food manufacturers and processors, and a mill molasses to primary producers.

Sunshine Sugar is 'Bonsucro Certified Sustainable' under the international Bonsucro Standard.

The aim of the Bonsucro Standard is to promote measurable standards in the environmental and social impacts of sugarcane production and primary processing, while recognizing the need for economic viability.

Our products are made entirely from Australian grown and made sugar cane and are manufactured according to the certified SQF 2000 Level 3 management system, incorporating HACCP and are Halal and Kosher certified.

# LOW GI SUGAR

Low GI sugar is made using the nucane™ process, which was developed in Australia. This technology applies advanced production methodologies at the milling stage to consistently produce a wholesome sugar that retains naturally occurring and beneficial antioxidants. Sunshine Sugar Low GI is a 100% natural, Low GI sugar that is more slowly digested, absorbed and metabolised –resulting in a lower and slower rise in blood glucose.

## Ingredient List:

100% natural cane sugar. No additives or preservatives.

## Shelf Life and Storage:

Low GI Sugar has an indefinite shelf life when stored in a cool, dry environment, avoiding extremes of temperature and humidity.

## Available Sizes:

Size	Format
Single Serve	Individual Carton of 2,000
1kg	6 x 1kg packs per tray Cardboard tray with plastic outer wrap
15kg, 25kg	Multi-Walled Sack

## Nutritional Information:

# PREMIUM BLEND MOLASSES

Our premium molasses is a blend of blackstrap and selected refinery streams, with charismatic strong aromas and flavours of strong caramelised sugar. It is blended to produce a more balanced flavour whilst retaining naturally occurring vitamins and minerals. Sunshine Molasses Premium Blend is made from Australian grown and made cane sugar at the Harwood Refinery in northern New South Wales.

**Ingredient List:**

100% natural cane sugar. No additives or preservatives.

**Shelf Life and Storage:**

Premium Blend Molasses can be held for 730 days when stored in a sealed food grade container.

**Available Sizes:**

Size	Format
500g	Carton of 12 jars

**Nutritional Information:**

# DC RAW SUGAR

## (Direct Consumption)

Raw Sugar has light brown crystals with a sweet tasting characteristic and faint molasses aroma.

Raw sugar is great as a sweetener for coffee or in baking and cooking where it enhances both the colour and flavour of the food.

**Ingredient List:**

100% natural cane sugar.  
No additives or preservatives.

**Shelf Life and Storage:**

Raw sugar has an indefinite shelf life when stored in a cool, dry environment, avoiding extremes of temperature and humidity.

**Available Sizes:**

Size	Format
Single Serve	Individual Carton of 2,000
2kg, 3kg	6 x 2kg packs per tray 4 x 3kg packs per tray Cardboard tray with plastic outer wrap
15kg, 25kg	Multi-Walled Sack

**Nutritional Information:**

# WHITE SUGAR

White Sugar is a premium-refined sugar with clean and free flowing crystals, made from the raw sugar milled at local sugar mills and refined in our sugar refinery at Harwood, NSW.

With a characteristic sweet flavour and odour, this premium white sugar has been specifically designed for use in products that are sensitive to colour.

**Ingredient List:**

100% natural cane sugar.  
No additives or preservatives.

**Shelf Life and Storage:**

White sugar has an indefinite shelf life when stored in a cool, dry environment, avoiding extremes of temperature and humidity.

**Available Sizes:**

Size	Format
Single Serve	Individual Carton of 2,000
1kg, 2kg, 3kg	6 x 1kg, 6 x 2kg packs per tray 4 x 3kg packs per tray Cardboard tray with plastic outer wrap

# CASTER SUGAR

Caster Sugar is a premium-refined white sugar that is free-flowing with a very fine grain. Caster sugar is suitable for applications requiring a fine texture in baking or fast dissolving characteristics.

It is ideal for meringues, puddings, jellies and cake mixes. When used in baking, the smaller sugar crystals caramelise evenly to produce a golden colour to the finished product.

Being a superfine white sugar, it can be sprinkled over fruits or baked goods as a light dusting finish.

## Ingredient List:

100% natural cane sugar.

No additives or preservatives.

## Shelf Life and Storage:

Caster sugar has an indefinite shelf life when stored in a cool, dry environment, avoiding extremes of temperature and humidity.

## Available Sizes:

Size	Format
1kg, 2kg, 3kg	6 x 1kg, 6 x 2kg packs per tray 4 x 3kg packs per tray Cardboard tray with plastic outer wrap
15kg, 25kg	Multi-Walled Sack
